FAX (517) 743-6532 or email jack8noc@tir.com

OUTSTANDING YOUNGER MEMBER AWARD
OUTSTANDING SENIOR MEMBER AWARD

These two awards are for the purpose of giving recognition and honor to one of the younger and also to one of the older members who have given distinguished service to the automotive and engineering profession, the automotive industry, their community, and who have exemplified the aims, ideals, and purposes of the Mid-Michigan Section of the Society of Automotive Engineers.

For the **younger** member award, they cannot be over 36 years of age and cannot be a current member of the Mid-Michigan Section Governing Board Executive Committee.

For the **senior** member award, they must be over 55 years of age.

The persons selected will also be recognized by SAE International and will compete against persons selected from other sections for further honors.

To nominate a Mid-Michigan SAE member for either of these awards, use the attached form as a guide (using additional pages as necessary) and send to Jack Barnhart or give to a Governing Board Member prior to the March 4, 2002, Governing Board Meeting.
