## **National Engineers Week Annual Banquet**

### **Featuring SAE Collegiate Chapter Project Presentation Competition**

Please join us as we observe “National Engineers Week” with a banquet and technical program featuring presentations by students from Central Michigan University, Kettering University, and Saginaw Valley State University.

The students are members of **SAE Collegiate Chapter** project teams which compete in the **SAE Collegiate Design Series** <http://students.sae.org/cds/>. The design series has grown from a national competition to an international competition featuring students from Asia, Europe, North and South America.

During this year’s banquet, the teams present will compete for the annual “SAE Collegiate Cup” presented by the **Mid-Michigan Section**. This event’s competition will be judged based upon the quality of the oral presentation of the team’s “Design Series” project.
