Mark will be discussing Pro Touring, The cars being used and his book "Pro Touring" describing the building of the "Mule" a rebuilt 1969 Camaro.

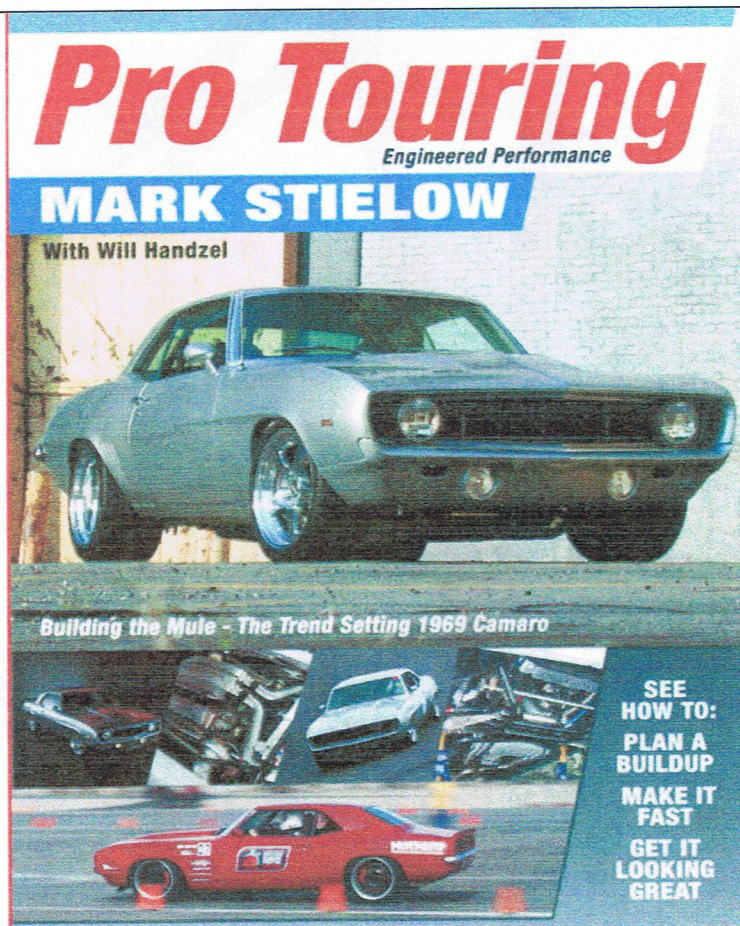

The Pro-Touring book is a 212-page, 1184 Photo publication detailing how he builds his wild Pro Touring musclecars.

Stielow shows you everything: from how he plans for a project, builds his one-off components/systems, to what he does to get everything to come together in a great looking, super-quick package.

The car buildup shown throughout the book is the Stielow-built "Mule" 1969 Camaro which is appropriate because from the minute it was completed, the Mule has been a Pro Touring genre-defining car. There is also one chapter giving a high level overview of his latest car "Red Devil".

**SPECIAL NOTE: Mr. Stielow is being featured in an article in the December 2012 issue of "HOT ROD" magazine**
