6:00pm Social Hour, 7:00pm Buffet 8:00pm Program
Bavarian Inn Conference Center
 Frankenmuth, Michigan
 Students \$20; Retiree \$30; Members \$35; non-members, \$40

National Engineers Week Annual Banquet

Featuring SAE Collegiate Chapter Project Presentation Competition

Please join us as we observe "National Engineers Week" with a banquet and technical program featuring presentations by students from Central Michigan University, Kettering University, Saginaw Valley State University, and The Kettering University AutoDrive Challenge Team.

The students are members of SAE Collegiate Chapter project teams which compete in the SAE Collegiate Design Series <http://students.sae.org/cds/>. The design series has grown from a national competition to an international competition featuring students from Asia, Europe, North and South America.

During this year's banquet, the teams present will compete for the annual "SAE Collegiate Cup" presented by the Mid-Michigan Section. This event's competition will be judged based upon the quality of the oral presentation of the team's "Design Series" project.

**Kettering University – SAE Clean Snowmobile
Challenge Team – 2017 Cup winners**

Reservations required by Noon Friday, Feb.16, 2018

Purchase Tickets online at: <http://www.midmichigansae.org>

Contact: Bernard Santavy at SAEMidMichSec@cs.com

or call (810)-635-7948 for reservations

Special Guest Speaker

Tim Turvey
**GM Global Vice President of
Customer Care & Aftersales**

Tim has extensive global knowledge and experience with wholly owned, joint venture and alliance partners throughout the world. He has broad experience in sales, aftersales and marketing. Tim began his GM career in 1983 with Buick. An Illinois native, Tim has been a "car guy" since purchasing his first vehicle when he was nine and accumulating more than a dozen by the time he was sixteen. He earned a bachelor's degree from Southern Illinois University-Carbondale.

Come to hear a Special presentation by the Kettering University AutoDrive Challenge Team

Please join us as we observe “National Engineers Week” with a banquet and technical program featuring presentations by students from Central Michigan University, Kettering University, Saginaw Valley State University, and a special presentation by the Kettering Univ. AutoDrive Challenge Team

The students are members of SAE Collegiate Chapter project teams which compete in the SAE Collegiate Design Series <http://students.sae.org/cds/>. The design series has grown from a national competition to an international competition featuring students from Asia, Europe, North and South America.

During this year’s banquet, the Kettering University AutoDrive Challenge team will be reporting on the purpose of this project and their progress. The SAE AutoDrive Challenge sponsored by General Motors is a new autonomous vehicle design competition to develop and demonstrate a fully autonomous passenger vehicle over a three year time frame by eight major engineering universities using a Chevrolet Bolt as the base vehicle
